In view of the losses incurred by the Company, your Directors have not recommended any dividend for the year ended 31st March, 2015.

OPERATIONS AND OVERALL PERFORMANCE

Global steel demand grows slower than the global GDP, as a result of the weakness in the emerging world. Global Steel demand grew at a moderate pace of 2% in spite of subdued economy worldwide on the back of improvement of output in the European market, United States and Japan which has partly set off the downturn in China, a world's largest steel maker, which moved from an investment to service-driven economy.

Steel imports by India surged by a whopping 71% to touch a record high of 9.31 million tonne in 2014-15, putting pressure on the already squeezed margins of domestic firms. Steelmakers in India, which remained a net importer of steel for the year, have been on the wrong foot for quite some time now, mainly due to dearer raw materials while their counterparts in China, Japan and Russia took advantage of lower iron ore prices and in some cases, sops offered by the Government. India had imported 7.38 MT of steel in 2009-10, 6.66 MT in 2010-11, 6.86 MT in 2011-12, 7.93 MT in 2012-13 and 5.45 MT in 2013-14.

Exports, however, have been at slower pace than imports, especially in more recent years. Shipments of steel stood at 3.25 MT in 2009-10 and 5.98 MT in 2013-14, only to plunge 8% to 5.5 MT last fiscal. Due to rising imports from countries like China, Japan and Russia, domestic steel industry is struggling to retain margins. Cost structure in these countries has significantly come down because of fall in the prices of iron ore and depreciation of their currencies against dollar. So in dollar terms, their cost of production has come down.

The problem of the domestic steel industry got compounded with the subdued demand. Though the last fiscal was better compared to the previous one, it still remains below potential. Real consumption of the alloy grew by 3.1% to stand at 76.35 MT in the last fiscal compared to 59.34 MT in 2009-10, 66.42 MT in 2010-11, 71.02 MT in 2011-12, 73.48 MT in 2012-13, 74.09 MT in 2013-14.

However, pinning hopes of a better demand days ahead, they continue to raise their output. Production for sale saw a steady rise to 88.12 MT in 2014-15 from 60.62 MT in 2009-10, 68.62 MT in 2010-11, 75.69 MT in 2011-12, 81.68 MT in 2012-13 and 87.67 MT in 2013-14.

India remained to be the world's largest producer of Direct Reduced Iron (DRI) or sponge iron with a host of coal based units, located in the mineral – rich states of the country.

Steel Prices, Globally and Domestically witnessed a sustained downside mainly due to overcapacity, cheaper imports, economic conditions and shift towards other substitutes which significantly impacted the steel prices. Steel makers margins have consistently contracted since FY'11 due to overcapacity and demand–supply gap. Margins of steel producers would continue to be under pressure, given the high cost of production on the back of higher input costs and their limited ability to pass on hikes in costs. The credit profile of steel makers to remain weak next fiscal due to their large debt for working capital and capex coupled with modest EBITDA (earnings before interest, taxes, depreciation, and amortization) margins. Global steel prices will continue to trend downward which will return, exert tremendous pressure on global contract prices of raw materials such as iron ore and coal. The recovery in the world steel pricing momentum would be driven by a reviving economy, stabilization in the Euro-zone and a rebound in the construction industry in developed countries.

A robust and thriving Power sector is central to India's sustained economic growth. India's power sector has evolved substantially over the last few decades and is now witnessing unprecedented interest and investments across the value chain. With the global economic growth and industrialization, power consumption is escalating rapidly, creating demand for more power and compelling industry players to manage their power portfolio efficiently. In 2014-15 as a whole, total power generation in India grew by 8.5% and it is expected to grow by 8.4% in 2015-16. The power transmission sector in India has not been able to keep pace with the rising power demand and generation capacity in the country. The Indian Power Sector faced a challenging year under review as it juggled with increasing power demand, the poor paying capability of power distribution Companies, inadequate domestic coal/gas availability, an inefficient power tariff mechanism and rising financing costs.

The Total Income of the Company was ₹661.34 Crores during the year as against ₹584.42 Crores in the previous year, showed increase of 13.16%. The Company has reported Net Loss of ₹20.82 Crores during the year under review as against loss of ₹42.45 Crores in the previous year.

SPONGE IRON DIVISION

The production of Sponge Iron Division during the year under review was **143384 MT** against **165631 MT** in the previous year showing decrease of **13.43%**. The total income of the division was **₹599.58 Crores** (including trading) as against **₹528.87 Crores** during the previous year, showing increase of **13.37%** as a result of increase in trading of Steel and realization of higher price of sponge iron.

POWER DIVISION

During the financial year 2010-11, in order to utilize the waste heat and convert into productive energy, the Company has commissioned its 30 MW co-generation Waste Heat Recovery Based (WHRB) Power Plant, at Ghugus, Maharashtra. The production of the division was **17.10 MWH** during the year under review as compared to **17.05 MWH** for the previous year. The total income of the division was **₹39.34 Crores** during the year under review as against **₹38.88 Crores** during the previous year showing an increase of **1.17%**.

By virtue of issuance of Commercial Circular No. 154 & 156 dated 23rd January, 2012 by Maharashtra State Electricity Distribution Company Limited and other laws and circulars of authority, the scope of distribution/supply/utilization of electricity through Open Access has been expanded. Due to this, the prospectus of the industry is expected to improve in the nearest future. The Company is exploring all the possibilities, strictly adhering to and complying with the parameters and conditions laid down in the said circulars & other laws to utilize the power generated by its power generation unit.

In respect of Iron ore mining activities, the Company has received all statutory permissions and necessary sanctions from the concerned authorities to commence mining operations. However, due to insurrection by Naxals near Surjagarh Iron Ore Mine in which one of the officials of the Company was killed, the Mining Operations of the Company at Surjagarh Iron Ore Mine at Surjagarh Village, Gadchiroli District, Maharashtra has been temporarily discontinued w.e.f. July, 2013 and the same facts has been informed to the concerned Govt. Authority. The Company is taking adequate steps to commence mining operations.

ENVIRONMENT & SOCIAL OBLIGATION

The Company maintains the pollution free environment in and around its plants. The Company's plants comply with all norms set up for clean & better environment by Competent Authorities.

UNFCCC REGISTRATION

The Waste Heat based power plant of the Company has been accorded final registration with UNFCCC as a 'Clean Development Mechanism' (CDM) project activity. The waste heat based power plant generates power using waste heat from flue gases coming out of 4 numbers 100 TPD and 1 number 500 TPD Sponge Iron Kilns. The project involves 5 numbers waste heat recovery boilers.

The reduction in CO₂ emission from project facility arises from the displacement of an equivalent amount of electricity to the extent of electricity generated from project activity which would have been otherwise generated and supplied by grid.

The project shall be eligible for 109660 Carbon Emission Reductions (CER) Certificates every year for 10 years duration from 2013-2023.

As per the records of UNFCCC, this is the first large scale project from Sponge Iron industry to be accorded the registration by UNFCCC as per the new methodology ACM 0012 introduced by UNFCCC.

MANAGEMENT DISCUSSION AND ANALYSIS

The core business of the Company is manufacturing / marketing of Iron and Steel and generation/distribution of Power. The Management discussions and analysis is given hereunder:-

- a) **Industry structure and development:** The Steel Industry faced sluggish consumption growth mainly on account of execution delay of planned infrastructure and construction projects due to economic slowdown and environment clearances. Better GDP growth in FY'16 on the back of a revival in industry growth would lead to better steel demand growth next fiscal. The domestic steel industry expects no major hike in prices next fiscal due to overcapacity which will continue to limit prices amid the demand increase. Imports are a major threat. Recognizing that electricity is one of the key drivers for rapid economic growth and poverty alleviation, the industry has set itself the target of providing access to all households over the next few years. Over the past few years, there had been a splendid growth in the power generation and capacity and with proper enactment of several policies the trend is likely to continue in the coming years as well.
- b) **Opportunities and threats:** Infrastructure, automobiles and consumer durables are the main drivers for growth of steel industry. The growth in the steel market is expected to be muted in the short term on account of poor growth in core consumer sectors such as infrastructure and construction. The demand is expected to rebound in the latter half of 2015 with growth in infrastructure as announced in the Twelfth Five-year Plan. Growth in the automobile and consumer durable sectors will also support demand growth in the long term. The profitability of the Indian steel industry will come under pressure due to deterioration in the demand-supply equation on the back of macroeconomic challenges being faced by the country. The large steel players and new entrants have announced capacity addition of about 71 MTPA till 2017. Regulatory hurdles and land acquisition challenges remain the largest supply-side constraint for the Indian steel market. Mining bans in Karnataka and Goa and delays in the execution of announced capital projects can further constrain supplies. The main issues confronting

LLOYDS METALS AND ENERGY LIMITED

the industry are non-availability of raw materials, high price volatility, growing raw materials prices, cheap imports, environmental issues and lack of demand.

The National Tariff Policy (2006) has ensured adequate return on investment to Companies engaged in power generation, transmission and distribution and assured electricity to end-users at affordable and competitive rates. In order to attract foreign investments in the power sector, FDI up to 100 per cent is permitted under the automatic route for projects of electricity generation (except atomic energy), transmission, distribution and power trading. Coal shortages, scams, hike in prices of imported coal, lack of land availability, shortage in supply of equipments for new capacities and policy logjam have together paralyzed the prospects of power sector in India in the recent past. The key problems hindering the growth of the power sector are land, fuel, environment, slow regulatory processes, inadequate equipments and forest clearances.

- c) **Segment-wise performance:** The Company is operating two segments, Iron and Steel and Power Generation. Segment Wise results are given at Note No. 14 of significant accounting policies & notes to financial statements. The Company has no activity outside India.
- d) **Outlook:** The longer term outlook for Global Steel Industry would continue to depend on few key issues such as overcapacity, raw materials pricing volatility and potential for economic growth. India's Steel Demand is expected to go up by 3-5 per cent in the next financial year on higher economic growth although margin pressure would continue due to high production costs and limited scope to pass them on to customers. India has the world's fifth-largest electricity generation capacity and demand is expected to surge in the coming years owing to growth in the economy. The long-term average demand growth rate is expected to remain in the higher single digit growth levels given the lower per capita power consumption in India as compared to the global average.
- e) **Risk and concerns:** Steel Industry always runs risk of Industry cycle. The Company is continuously monitoring the supply management practices, technological obsolescence, input prices, price sensitivity and demand volatility are an inherent business risks. The Company undertakes continuous development, training and modernization programme to keep its business efficient. The risks faced by the Power sector are irregular tariff structures, fuel availability, project execution, land acquisition, financial assistance and environment clearance etc. The Company is taking proper actions against the possible industry risks which may affect the business activities of the Company.
- f) **Mitigation of Risks:** The Company in order to mitigate the risks, threats and concerns, is taking necessary short term and long term steps like exploring Open

Access Market for sale of power, expanding customer base, forward integration and energy management etc. The Company has already taken effective steps for raw material security in the long term.

- g) **Internal control system:** In order to attain the corporate objectives, strict internal control systems are required to be implemented across the organization. The same is ensured by the senior management through a mix of periodic reviews, implementation of Standard Operating Procedures, and defining delegation of powers and constant upgradation of IT systems.

The efficacy of Internal Control systems is ensured as a combined result of the following activities:

1. Operational performance is reviewed each month by Senior Management.
 2. Performance of each function is closely monitored by the Senior Management through various Weekly/ Monthly review meetings. Reviews of all independent functions are regularly undertaken. Simultaneously, cross functional activities are also subject to periodic review.
 3. Various policies are introduced from time to time, to ensure effective functioning of various independent departments, such as, Marketing, Finance, HR, etc.
- h) **Discussion on financial performance with respect to operating performance:** The operating performance of the Company has been discussed in Directors Report under the head 'Financial Highlights' & 'Operations and Overall Performance' in the current year.
 - i) **Human resources and Industrial relations:** During the year under review the Employee/Industrial relations remained harmonious. Steps were taken continuously by the Company for training its employees in various disciplines. Number of employees as on 31st March, 2015 was **389**.
 - j) **Cautionary Statement:** The Management Discussions and Analysis describe Company's projections, expectations or predictions are forward looking statements' within the meaning of applicable laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting demand and supply and price conditions in domestic and international market, changes in Government regulations, tax regimes, economic developments and other related and incidental factors.

ANNEXURE – A

STATEMENT PURSUANT TO SECTION 134(3)(m) OF THE COMPANIES ACT, 2013 READ WITH RULE 8(3) OF COMPANIES (ACCOUNT) RULES, 2014.

SPONGE IRON PLANT

(A) Conservation of Energy

Energy Conservation Measures Taken:-

The Sponge Iron Plant has achieved Electrical System Power Factor at Unit level and expected to continue the same for the current year and following measures were taken for reducing electrical energy consumption:

1. Replacement of conventional motors with Inverter duty energy efficient motors for Shell Air Fans of 4 x 100 TPD kiln to increase the efficiency and reduction in power consumption.
2. Application of new refractory materials (LC-80 and above) in place of old worn out WHYHEAT-C SPL in kilns which reduces the heat loss from the kilns resultant saving in energy consumption.
3. Optimizing the pulley sizes in different heavy duty fans and pumps to reduce the power Consumption thus saving of Energy.
4. Operation of Make-up Water pump of Overhead tank is controlled through its level. The operating hours are got reduced and thus Energy consumption get reduced.

(B) Research & Development and Technology Absorption

1. Modification is done at dust settling chamber (DSC) and after burning chamber (ABC) and thus power generation from waste heat recovery boiler is significantly increased.
2. ID fan is relocated and placed in parallel to gas flow. Hence more flue gas is being handled by consuming less power in ID fan, thereby free and straight gas path increase the energy efficiency of plant. Earlier ID Fan was placed at 90 degree position which was giving obstruction to gas flow.
3. Substantial reduction of LDO during Kiln lit up.
4. In kilns, Induced Draft Fan is relocated to get the laminar suction of Flue gasses which are released from Kiln and passed through Waste Heat Recovery Boiler. After modification, RPM set point is reduced for a particular feed rate of Kiln input to maintain the kiln pressure. By adopting this modification, the pressure of the kiln is maintained at lower RPM and thus power consumption is reduced to 35Kw/hr.

ANNUAL REPORT 2014-15

FORM – A

Form for Disclosure of Particulars with respect to Conservation of Energy

(Sponge Iron)

5. In kilns, Dust Settling Chamber (DSC) is modified with increase of collection area and shaped properly. Most of the quantity of dust is collected at Draig Chain and less quantity of dust is carried to boiler thereby reduction in failure and downtime resulting in reduction in maintenance cost.

POWER PLANT

(A) Conservation of Energy

Note: Form 'A' is not applicable to power generation activities as it does not fall under the list of industries specified in the schedule attached to Rule 2.

Energy Conservation Measures Taken:-

- Localized switching arrangements to control the office and building lights.

(B) Research & Development and Technology Absorption

- Installation of Side Stream Filter in Cooling Water system of Turbine - Side stream filtration systems reduce suspended solids and debris in the system cooling water, which leads to less fouling in the system. Decreasing suspended solids can also help reduce biological growth in the system because suspended solids are a good source of food for microbiological organisms. Effectively managing these conditions through filtration can optimize system performance, increases water and energy efficiency and reduces chemical & maintenance cost.

Advantages of Side Stream Filtration –

- Reduction in Water consumption
- Reduction in Energy consumption
- Reduction in Chemical use
- Lower maintenance cost
- Control of biological growth

We have audited the accompanying financial statements of **Lloyds Metals and Energy Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2015, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence, on a test basis, about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2015;
- in the case of the Statement of Profit and Loss, of the loss for the year ended on that date; and
- in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

- *As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of

the Companies Act 1956, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.

- We have inquired into the matters specified under section 143(1) and based on the information and explanations given to us, there is no matter to be reported under this section.
- As required by section 143(3) of the Act, we report that:
 - We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - In our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement comply with the Accounting Standards notified under the Companies Act, 1956 read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act 2013;
 - In our opinion and based on the information and explanations given to us, there are no financial transactions or matters which have any adverse effect on the functioning of the Company.
 - On the basis of written representations received from the directors as on March 31, 2015, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015, from being appointed as a director in terms of subsection (2) of Section 164 of the Companies Act, 2013.
 - There is no qualification, reservation or adverse remark relating to the maintenance of accounts and other matters connected therewith.
 - The Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Such other matters as are prescribed by the Companies (Audit and Auditors) Rules, 2014 namely:-
 - The Company has disclosed the impact, if any, of pending litigations on its financial position in its financial statements.
 - The Company has made provision, as required under any law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts.
 - There has been no any delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

**No general or special order has been directed by the Central Government, after consultation with National Financial Reporting Authority wrt the changes in CARO reporting as per section 143(11) of the Companies Act 2013, hence we are continuing to give CARO report based on Companies Act, 1956.*

LLOYDS METALS AND ENERGY LIMITED

ANNEXURE TO AUDITORS' REPORT

[Referred to in above the Auditor's Report of even date to the Lloyds Metals and Energy Limited on the Financial Statements for the year ended 31st March, 2015]

1. (a) The Company is maintaining proper records showing full particulars including quantitative details and situation of fixed assets.

(b) As per the information and explanation given to us, fixed assets are physically verified by the management according to a phased programme designed to cover all the locations which in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, the management during the year physically verified the fixed assets at certain locations and no material discrepancies were noticed on such verification.

(c) In our opinion and according to the information and explanation given to us, the Company has not disposed off any significant part of the fixed assets during the year. Thus, paragraph 4(i)(c) of the Companies (Auditor's Report) Order, 2003 is not applicable.
2. (a) Inventory has been physically verified by the management during the year. In our opinion, the frequency of verification is reasonable

(b) In our opinion, the procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.

(c) In our opinion and according to the information & explanations given to us, the Company is maintaining proper records of inventory. The discrepancies noticed on verification between the physical stocks and the book records were not material.
3. (a) According to information and explanation given to us, the Company has neither granted nor taken any secured or unsecured loans to / from Companies, firms, parties covered in the register maintained under Section 189 of the Act.

(b) In view of the above, provisions of clause 4(iii) (b), (c), (d), (e), (f) and (g) are not applicable to the Company.
4. In our opinion and according to information and explanation given to us, there are adequate internal control procedures commensurate with the size of the Company and the nature of its business, for the purchase of inventory and fixed assets and for the sale of goods.
5. (a) On the basis of our examination of the books of account, we are of the opinion that the transactions that need to be entered in the register in pursuance of Section 189 of the Act have been entered in the said register.

(b) In our opinion, and according to the information & explanation given to us, the transactions made during the year with parties covered under Section 189 of the Act have been at prices which are reasonable, having regard to the prevailing market price for such goods and materials or prices at which transaction for similar goods or material have been made with other parties.
6. According to the information and explanation given to us, the Company has not accepted any deposits from the public within the meaning of Section 73 of the Act and the rules framed there under. Hence the provisions of clause 4(vi) are not applicable to the Company.
7. In our opinion and according to information and explanation given to us, the Company's present internal audit system is commensurate with its size and the nature of its business.
8. Pursuant to the rules made by the Central Government, the maintenance of Cost Records have been prescribed u/s. 148(1) of the Companies Act, 2013. We are of the view that prima facie the prescribed accounts and records have been maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
9. (a) According to the books and records as produced and examined by us in accordance with generally accepted auditing practices in India and also Management representations, undisputed statutory dues in respect of Provident fund, Profession tax, Income Tax, Sales Tax, Value added tax, Wealth tax, Service tax, Custom duty, Excise duty, Cess and other material statutory dues, if any, applicable to it, has been regularly deposited with the appropriate authorities.

NOTES ANNEXED TO AND FORMING PART OF THE BALANCE SHEET AS AT 31st MARCH, 2015 AND THE PROFIT AND LOSS ACCOUNT FOR THE YEAR ENDED 31st MARCH, 2015.

1. SIGNIFICANT ACCOUNTING POLICIES

A) System of Accounting

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act (to the extent notified). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

B) Fixed Assets

- All fixed assets are valued at cost net of Cenvat unless if any assets are revalued and for which proper disclosure is made in the Accounts.
- In the case of ongoing projects, all pre-operative expenses for the project incurred upto the date of commercial production are capitalized and apportioned to the cost of respective assets.

C) Depreciation

Depreciation on all the assets has been provided on Straight Line Method ("SLM") as per Schedule II of the Companies Act, 2013. Assets individually costing ₹5,000 or less are depreciated fully in the year of purchase.

Lease hold land will be amortized on the expiry of Lease Agreement.

Category / Group of Asset	Useful Life(in years)
Buildings	30
Plant and Machinery	25
Plant and machinery – Power	40
Computer Hardware	3
Electrical Installation	10
Air Conditioners	5
Office equipments	5
Furniture and Fixtures	10
Motor Vehicle	8

D) Inventories

The general practice adopted by the Company for valuation of inventory is as under

Raw materials	: *At lower of cost and net realizable value.
Store & spares	: At cost (weighted average cost)
Work in process	: At cost
Finished goods	: At cost or net realizable value, which ever is lower (Also refer Accounting Policy G)
Traded goods	: At cost
Scrap material	: At cost or net realizable value, which ever is lower

*Material and other supplies held for use in the production of the inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost.

E) Investments

Investments are valued at cost of acquisition, which includes charges such as Brokerage, Fees and Duties.

F) Expenditure during construction period

Expenditure incurred on projects under implementation are being treated as pre-operative expenses pending allocation to the assets which are being apportioned on commencement of commercial production.

G) Excise Duty

The Excise duty payable on finished goods dispatches is accounted on the clearance thereof from the factory premises. Excise duty is provided on the finished goods lying at the factory premises and not yet dispatched as at the year end as per the Accounting Standard 2 "Valuation of Inventories"

H) Customs Duty

Customs Duty payable on imported raw materials, components and stores and spares is recognized to the extent assessed by the customs department.

I) Foreign Currency Transaction

Foreign currency transactions during the accounting year are translated at the rates prevalent on the transaction date. Exchange differences arising from foreign currency fluctuations are dealt with on the date of payment/receipt. Assets and Liabilities related to foreign currency transactions remaining unsettled at the end of the year are translated at the year end rate. The exchange difference is credited / charged to Profit & Loss Account in case of revenue items and capital items.

J) Provision for Gratuity

Provision for Gratuity is made on the basis of actuarial valuation based on the provisions of the Payment of Gratuity Act, 1972.

K) Leave Salary

Provision is made for value of unutilized leave due to employees at the end of the year.

L) Customs Duty Benefit

Customs duty entitlement eligible under pass book scheme / DEPB is accounted on accrual basis. Accordingly, import duty benefits against exports affected during the year are accounted on estimate basis as incentive till the end of the year in respect of duty free imports of raw material yet to be made.

M) Amortization of Expenses

i) Equity Issue Expenses :

Expenditure incurred in equity issue is being treated as Deferred Revenue Expenditure to be amortized over a period of ten years.

ii) Preliminary Expenses :

Preliminary expenses are amortized over a period of ten years.

iii) Debenture Issue Expenses :

Debenture Issue expenditure is amortized over the period of the Debentures.

N) Impairment of Assets

The Company determines whether a provision should be made for impairment loss on fixed assets (including Intangible Assets), by considering the indications that an impairment loss may have occurred in accordance with Accounting Standard – 28 "Impairment of Assets". Where the recoverable amount of any fixed assets is lower than its carrying amount, a provision for impairment loss on fixed assets is made.

O) Revenue Recognition

Sales/Income of contracts/orders are booked based on work billed. Sales are net of sales return & trade discounts.

P) Contingent Liability :

1 Unprovided Contingent Liabilities are disclosed in the accounts by way of notes giving the nature and quantum of such liabilities.

2 Contingent liabilities not provided for -

Dear Shareholder,

Sub: Registration of E-mail ID for servicing of documents by the Company under the Companies Act, 2013 – A Green Initiative by Ministry of Corporate Affairs, Govt. of India

Ministry of Corporate Affairs ("MCA") vide its circular no. 17/2011 and 18/2011 dated 21st April, 2011 and 29th April, 2011 respectively has notified a "Green Initiative in the Corporate Governance", by allowing paperless compliances by Companies. In terms of the said circulars, the Companies are permitted to send Annual Reports and various notices/ documents to the shareholders through electronic mode to the registered e-mail addresses of shareholders.

The "Green Initiative" proved a welcome step for benefits of society at large for creating sustainable greener environment and your Company continues to fully support the above initiative.

As a step forward to implement the above initiative, we propose to send documents such as notices of general meeting(s), annual reports and other shareholder communications to you by electronic mode. Hence, we appeal all the shareholders, who have yet to register their e-mail id, to register / update the same at the earliest in any of the following manner:

- By registering with your Depository Participant ("DP") in case the Company's shares are held in demat form.
- By sending an e-mail to Bigshare Services Private Limited, Registrar and Share Transfer Agent ("RTA") at E-2/3, Ansa Industrial Estate, Sakivihar Road, Saki Naka, Andheri (East), Mumbai – 400072.
- By returning the duly filled in form to the RTA, in case the Company's shares are held in physical form.

Please note that these documents shall be available on Company's website www.lloyds.in and shall also be kept open for inspection by the Members at the registered office of the Company during office hours.

The Shareholders will also be entitled to receive Annual Reports/other communications, free of cost, upon receipt of a requisition from you, any time, as a member of the Company.

We are sure, that as a responsible citizen, you will whole heartedly support and co-operate with the Company in implementing this initiative of the MCA.

Best Regards,

For Lloyds Metals and Energy Limited

Nitesh Tanwar
Company Secretary
