Judges pull up VIA on inability to get CSR data from members

Nagpur 20 May : After Vidarbha Industries Association's (VIA) failed to provide information about availability of CSR funds with various private sector companies operating in the region, the Nagpur bench of Bombay High Court slammed the association orally calling it 'ineffective'.

While expressing anguish over VIA's response to their directives, justices Sunil Shukre and Avinash Gharote asked why was it occupying government's premises if it can't convince its members to contribute for a noble cause from the CSR funds.

"What's your use? Your lease for the space should be cancelled and you

should be disbanded. You are here just to publish your names in the media. We will direct your officespace to be handed back to the government, as you are a defunct body not helping out in the pandemic," the judges said. The bench directed Nagpur and Amravati divisional commissioners to obtain the entire information regarding the availability of CSR funds with all Vidarbha companies through District Industries Centre (DIC) joint director after verification.

"We direct both to make a request for the CSR funds to all these companies and submit their responses during the next hearing. The

response that HC has received so far from these companies isn't encouraging. If these companies haven't so far responded to the call given by HC, we would have to issue necessary directives for waking them up and answer the call of their duty," the court warned. Condemning the attitude of companies that failed to respond to VIA's communication, the judges called on to remove them from the list of industries if they couldn't come forward even for noble causes. "The people are dying due to lack of medicines, oxygen and beds. The medical fraternity has been working tirelessly since over a year,

Covid deaths & cases up in Rlys amid 2nd wave

Nagpur 20 March : The second wave of coronavirus is proving to be more dangerous for railway employees compared to the first one as not only the number of deaths but infection cases too have increased manifold.

According to information sought under the RTI by Vikas Gour, secretary of Swatantra Railway Bahujan Karmachari Union, in 2020 Covid-19 wave, total 503 employees had tested positive in Nagpur division of South East Central Railway (246) and Central Railway (257). The number of Covid deaths was low at one in SECR and 13 in Central Railway.

"In the first wave, there was no vaccine and facilities like RT-PCR testing and Covid beds with railway hospitals were not available, but still cases were less. In contrast, several facilities are in place and vaccine is also available, yet there is a huge

rise in the number of deaths and infection cases," said Gour.

Another reason for increase in cases during the second wave is the operation of passenger trains. Even though trains are being operated with restricted movement, many

frontline staff like TTEs and station masters have been infected by the coronavirus. Gour said, "As per All India Station Masters Association, 2,000 railway frontline workers (FLWs) and over 140 station masters have died due to Covid-19. Last year, there was complete lockdown and only freight trains operated."

Citing all these factors, Gour has demanded expediting vaccination of railway employees. As per RTI, only 50% employees have been vaccinated. There are over 27,500 employees in both SECR and Central Railway divisions. "However, only 16,400

Freeing imports has made pulses cheaper, traders complain

Nagpur 20 March : The government's move to free import of pulses like tur, moong and urad last week has led to a quick impact on the rates. Prices of raw pulses as well as dal (processed into edible form) have come down by as much as 10%. However, it may be too early for the general consumers to benefit, because the commodities have got cheaper only in the wholesale markets. It may take at least a week for the lower rates to be passed on by the retail traders. The move has also left farmers, who are still left with the

produce due to Covid restrictions, worried, as they may get a lower price now.

Tur dal, which quickly makes headlines due to its rates, was priced in the range of Rs92 to Rs106 a kg in the wholesale market. The retailers add a margin of Rs5 to Rs10. The wholesale rates now have come down to Rs88 to Rs92 a kg. The wholesale rates for urad dal are now down to Rs86 to Rs100 a kg as against Rs90 to Rs110. Moong dal is also down by a couple of rupees at Rs86 to Rs103 a kg. The order issued on May 15 says import policy for tur, urad and moong has been changed with immediate effect. The status will continue till October 31, 2021.

NTCA seeks status report on deer relocation in TATR

Nagpur 20 May : In a setback to state wildlife department, the National Tiger Conservation Authority (NTCA) on Wednesday sought a status report on a project involving translocation of 100 deer from Jamni in Tadoba range to Botezari in Kolsa under Tadoba-Andhari Tiger Reserve (TATR) to augment prey base. NTCA AIG Hemant Kamdi said, "The report has been sought from PCCF (wildlife). The inquiry will be done only if a need is felt otherwise the PCCF report will be submitted to the NTCA headquarters in Delhi." On April 26 & 28, 2021, reporter reported the relocation project from within the tiger reserve. The

project had invited sharp criticism from wildlife conservationists demanding immediate stop of this "unwarranted experiment". Taking cognizance of the reports, Pragnati Foundation of Chandrapur president Deepak Dixit lodged a complaint with the NTCA, demanding cancellation of the project. The permission for the project is valid till August 31, 2021. Taking note of the complaint, NTCA deputy inspector general Rajendra Garawad has written to the chief wildlife warden seeking a factual status report. Dixit in his complaint asked about the status of deer that were already present in large numbers in

the Botezari meadows. "Last summer, unsuccessful attempts were made by the TATR officials to translocate 50 deer in which the animals suffered heavy casualties. Lakhs of rupees went waste on the project and the outcome was zero. What happened to those deer?" he asked. "Now again the same project is being implemented without any scientific basis. Without a scientific study, how can you say deer needs to be shifted as there is no prey base in Botezari?" asked former Gadchiroli honorary wildlife warden Uday Patel. "There were hundreds of deer in the Botezari meadows a few years ago.

Cops escort senior citizens to police hospital for jobs

Nagpur 20 May : Ramchandraj Dhote (80) and his wife Manda (70) would have never got vaccinated against Covid if the city police had not turned saviour for them under a new initiative to get the elderly vaccinated.

Dhote couple not only got the first dose of Covishield but also pick-up and drop from its Durga Nagar residence to police hospital at Takli. They were also greeted with a rose and a bottle of sanitizer. Their eyes welled up in gratitude.

City police chief Amtesh Kumar aims at getting 5,785 senior citizens, including 212 living alone, enrolled as members in the special cell of the city police inoculated. "The drive shall continue and cover other elderly

people needing our help. We are already extending various assistance to our senior citizen cell members round the clock," he said.

Manda, expressing her gratitude to cops, said her life was all about hardship. "We cannot even pay our rent during the lockdown as our son is the sole breadwinner who doesn't get much work now. When the landlord tries to evict us, it's the police who help us get extension," she said after receiving her first dose under the supervision of Chief medical officer of the police hospital Dr Sandeep

Shinde. Twenty-two elderly people like Ramchandraj and Manda took the job on the first day of the drive being conducted by Nagpur city police's family counselling unit 'Bharosa cell' and 'senior citizen cell' on Wednesday. NMC also assisted city police undertake the drive that was co-ordinated and managed by API Rekha Sankhal of Bharosa cell. "If any senior citizen is hassled with the vaccine issue, they may contact us on 1091," she said. Manda added she could not have imagined getting vaccine without assistance from the police. "Our only son leaves home early to look for work and comes back late in the night. If we ask him to take us for vaccination, it would mean no income for us that day.

Rise in awareness about nature loss as eco-wakening grips globe

Nagpur 20 May : New global research conducted by Economist Intelligence Unit (EIU) and commissioned by WWF shows that public interest and concern for nature has risen markedly (16%) in the past five years (2016-2020) and continues to grow during the Covid-19 pandemic. The figures come ahead of International Day for Biodiversity May 22, celebrated by the UN to increase understanding and awareness of biodiversity issues. People all over the world,

particularly in developing economies, are increasingly aware of the planetary crisis, and this is affecting their behaviour in a rapidly growing global mood that WWF has dubbed an 'eco-wakening'. In a clear validation of a growing trend, individuals concerned and consumers are acting on their concerns and demanding action over nature loss and biodiversity in an assortment of ways.

The report entitled 'An eco-wakening: Measuring global awareness, engagement, and action for nature' shows digital

activism at play with a 65% increase in the number of Twitter mentions, amplifying concern for nature worldwide, with mentions of nature and biodiversity increasing from 30 million to 50 million in the last four years. A variety of influencers such as spiritual leaders, politicians, major news organizations and celebrities, have used their voice on behalf of nature, including the Pope, the BBC, and The New York Times, with social media posts reaching a combined audience of almost 1 billion people worldwide.

Nagpur group helps Covid patient in Mumbai get food

Nagpur 20 May : A social media group, engaged in humanitarian work along with civic administration, ensured four members of a family, admitted to the Covid ward of Saint George Hospital in Mumbai, got nutritious food. In a chain of philanthropic actions by people who were strangers to each other, help was mobilized from Nagpur through an all-women 'WE7 Care foundation' which ensured delivery of food to the Mumbai-based family of an IT engineer.

It's learnt, a woman posted a message in a social

group having around 152 members helping others during the pandemic, requesting for food delivery to the family fighting Covid-19. She was approached by a colleague of the IT engineer. "My two brothers, father and me are admitted to the hospital. We wanted some nutritious food at the hospital and hence we requested a colleague to do something. It was really intriguing that help was routed from Nagpur to Mumbai," said the IT engineer. The local group member contacted one Vikash Sharma from Mumbai, who had posted a

message on Facebook offering help to anyone during the pandemic. Sharma, who has a group of around 350 social workers, contacted like-minded hotelier Nagesh Shetty from south Mumbai to help the family at Saint George hospital near CST railway station. "I twice delivered food to the family of four after getting a call as my hotel is close to the hospital," said Shetty. Social worker Neeraj Pathania, who had taken up the initiative, said the motto of their group was to help those in need during the pandemic without knowing each other.

School principals join yoga classes to beat Covid stress

Nagpur 20 May : Though schools are shut and all state board evaluations remain in suspended animation, many principals from Nagpur are up early in the morning for a very special class. Over a 100 principals from state board schools log in every morning at 6 for yoga class, something which boasts of a cent percent attendance. An initiative of School Headmasters Charitable Association (SHCA), the morning yoga class was started as part of a solution to fight the Covid pandemic. The association's founder-president Zafar Khan said, "Since March, we have only been hearing about Covid-19 news everywhere.

Nagpur rural cases surpass city's for first time, Vidarbha records lowest deaths this month

Nagpur 20 May : In a reversal of the trend, the number of daily Covid cases were higher in Nagpur rural as compared to those within city limits on Wednesday, probably for the first time since the pandemic began. The district recorded 1,377 new cases, of which 774 were from rural areas and 591 from city. Though cases increased, over 3,000 more tests were also performed as compared to Tuesday.

The decline also continued in rest of the 10 districts of Vidarbha with the lowest number of deaths being reported in May, at 137. Cases too declined by over 400 to 5,334. Recoveries were high at 10,310, taking the recovery rate of Vidarbha to 91.3% and leaving 71,502 under treatment.

In Nagpur district, the cases in city had always been 30-60%

more than those in rural areas, till on Wednesday. For instance, on May 1, the city recorded 4,085 cases while rural had 2,479, a difference of 55%.

Another worrying indicator is the positivity rate of rural parts. As compared to city, Nagpur rural's day positivity was 14.62% and city's 4%, while the district's average came to 6.87%. The day's cases were detected from 5,291 tests in rural and 14,745 tests in city.

District collector Ravindra Thakare said the trend correlates to zero surveillance and second wave spread. "Those areas found not affected in sero surveillance held last year had high number of cases this time. Similarly, it is apprehended that rural areas would be more hit if

the third wave comes. Rise in rural areas is not limited to Nagpur district but is happening across the region. But people have realized how devastating the disease can be," he said.

Thakare added that as part of containment measures, the administration would increase testing in each block.

Gadchiroli: Eleven Covid deaths were reported and the toll climbed to 649. The district reported 243 new cases and 527 recoveries. The district now has 2,306 active cases.

Bhandara: The district reported lowest daily cases at 86 but 5 Covid deaths took the toll to 1,035. Day's recoveries were at 403 and active cases at 1,621.

Gondia: The district reported six Covid deaths. It saw 625 recoveries and 144 new cases. Number of patients under treatment now is 2,268.

Amravati: There was a decline in both new cases and number of deaths on Wednesday, giving hope that the second wave is receding in the district. With 701 new cases and 13 deaths, the caseload reached 85,299 while toll became 1,303, respectively. The day saw a good number of 1,132 recoveries to take the total to 74,284. Now, there are 9,712 active cases in the district.

Yavatmal: The district recorded 16 deaths, 353 new

cases and 625 recoveries on Wednesday. The district conducted 6,937 tests on Wednesday. Now, there 4,048 patients under treatment. Caseload has reached 69,301, including 63,587 recoveries.

Wardha: Out of the 2,330 reports received on Wednesday, 347 came positive to take the caseload to 45,677. The toll reached 1,183 after 10 more deaths on Wednesday. With 503 patients discharged in a day, the recoveries reached 39,912. Now, 4,582 patients are under treatment.

Chandrapur: There were 641 new cases, 1,180 recoveries on Wednesday. The toll climbed to 1,314 after 13 more deaths. Caseload has climbed to 79,150, including 70,015 recoveries. Now, 7,821 patients are under treatment.
